

⚠ CAUTION:

This item is made with a steel spring loop. It is designed to pop open and snap close quickly. Use this item with caution. Small children should not be allowed to fold or unfold without direct adult supervision.

SET UP DIRECTIONS

Step 1: USE CAUTION: Remove target from carry bag and throw unit out and away from any person.

Step 2: Stand target upright.

Step 3: Place top peg of pole through hole on side of target.

Step 4: Place bottom peg of pole through hole on bottom base of target.

Step 5: Repeat steps 2-4 on other side of target using additional pole.

Step 6: Place one ground stake into red tab on each side of bottom frame.

Step 7: Place remaining two ground stakes where necessary to secure target.

BREAKDOWN DIRECTIONS

Step 1: Remove all ground stakes and store in carry bag pocket.

Step 2: Remove both poles from each side.

Step 3: Hold target vertically and fold bottom base upward so it lays upright against target.

Step 4: Hold target so only corner B is on the ground (target becomes a diamond shape).

Step 5: Bend corner A down towards corner B. Once corner A and B connect, hold together.

Step 6: While holding corners A and B together fold one circle shaped side inward towards the ground.
